

Whitley Abbey Primary School

Hand in hand we learn

Music Curriculum

Curriculum Drivers			
Possibilities and Citizenship	Reading and Oracy	Health and Wellbeing	Celebrating Diversity
<p>Our curriculum is designed to promote aspirations by preparing children for a changing world by making links between their learning and careers and opportunities in adult life. The curriculum enables children to make connections between what is learnt in school and open-up possibilities for them in later life.</p> <p>Teachers support children to be good citizens through the development of British Values and the core learning values of; Commitment, Opportunity, Respect and Excellence.</p>	<p>Our curriculum is carefully designed to meet the needs of the children we serve, placing strong emphasis on the development of oracy skills and fluency in reading. At Whitley Abbey, we recognise that strong oracy underpins effective communication, enabling children to express themselves clearly and to understand others with confidence.</p> <p>Reading remains a cornerstone of our curriculum, supporting pupils in developing the independent learning skills they will need to thrive in later life.</p>	<p>Our curriculum is designed to promote children's health, wellbeing and resilience through the promotion of Whitley Character Values, friendship, kindness, courage, resilience, gratitude and honesty. We want our children to make good choices about their own health and wellbeing.</p> <p>Research suggested that better emotional wellbeing is associated with higher achievement in primary school. When children feel safe they are able to better access learning in the classroom.</p>	<p>Our curriculum is designed to celebrate diversity. This means understanding that each individual is unique and recognising and celebrating our individual differences. The concept of diversity encompasses community, acceptance and respect. We foster the exploration of these differences in a safe, positive, and nurturing environment.</p> <p>We believe that by practicing mutual respect for qualities and experiences that are different from our own we build alliances across differences so that we can work together to eradicate all forms of discrimination.</p>

Intent

At Whitley Abbey we believe that Music is a form of expression - Singing and playing instruments is good for our wellbeing. It contributes to a broad and balanced arts provision across the school.

Music is a very special way of communicating and can enthuse and stimulate children in their learning. It is a way of expressing oneself and it can hugely influence the personal development of people. Music reflects the culture and society in which we live and so the

teaching and learning of music enables children to better understand the world in which they live. It is a creative and fun activity but can also be highly challenging subject. It also plays an important role in helping children feel part of their community. We provide opportunities for all children to create, play, perform and enjoy music, to develop the skills to appreciate a wide variety of musical genres and begin to form opinions and critique the quality of music.

Our intent is for children to gain a firm understanding of what music is through listening, singing, playing, evaluating and composing across a wide variety of historical periods, styles, traditions, and musical genres. We are committed to ensuring children understand the value and importance of music to their own and others' lives and wellbeing and also the impact music has in the wider community. Our curriculum introduces a wide range of well known artists and composers to support the development of cultural capital.

All children have access to music regardless of their academic ability, race, ethnicity, background and language. SEND pupils are actively encouraged to participate fully as music is often an area of the curriculum which allows them to excel. We aim to provide children with the opportunity to progress to the next level of their creative excellence.

EYFS

In the Foundation Stage, the learning and development of Music is taught through the expressive arts and design curriculum under the strand of being imaginative and expressive. However, the skills needed for later subject specific study will also be developed through the communication and language strand - Listen attentively and respond to what they hear with relevant questions, comments and actions - Make comments about what they have heard and ask questions to clarify their understanding; and also through pupils knowledge of Number – counting beats and through gross and fine motor skill development.

The knowledge and understanding acquired through these strands will prepare children for later subject specific study.

ELG: Being Imaginative and Expressive

Children at the expected level of development will: - Sing a range of well-known nursery rhymes and songs; Perform songs, rhymes, poems and stories with others, and – when appropriate – try to move in time with music.

Key Stage 1

Pupils should be taught to:

- ♣ use their voices expressively and creatively by singing songs and speaking chants and rhymes
- ♣ play tuned and untuned instruments musically
- ♣ listen with concentration and understanding to a range of high-quality live and recorded music
- ♣ experiment with, create, select and combine sounds using the inter-related dimensions of music.

Key Stage 2

Pupils should be taught to:

- ♣ play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression
- ♣ improvise and compose music for a range of purposes using the inter-related dimensions of music
- ♣ listen with attention to detail and recall sounds with increasing aural memory
- ♣ use and understand staff and other musical notations
- ♣ appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians
- ♣ develop an understanding of the history of music

Implementation

We use elements of Charanga, a broad-based scheme of music provision which ensures complete coverage of the National Curriculum, in a fully supportive environment. Through Charanga, Staff without specialist music knowledge are able to deliver the more technical aspects of the music curriculum with confidence.

Resources:

A full range of wind and percussion instruments are available including trumpets, recorders, ocarinas, classroom percussion and samba drums. Children may need to share xylophones, but electronic keyboards can be accessed using the iPads. Charanga supplies full lesson plans and activities.

Extra-curricular music:

Whitley Abbey Music (WhAM) Club was set up as an umbrella for extra-curricular music-making. It offers children an opportunity to sing and prepare for public performances. The WhAM Choir have performed in Coventry Cathedral, provided Christmas cheer at local residential nursing homes, as well as the local hospital, and attended the Young Voices festival at Birmingham's NEC arena. In addition to singing, staff have provided brass and percussion tuition as an extra-curricular activity.

Assessment:

Teachers assess musical skills and progression through observations of children in music lessons. Charanga facilitates this through planning and assessment documentation and a plan - do - check - review approach. Teachers use these observations alongside pupils recorded work and our planned assessment questions to support teacher assessment judgements.

Work-life balance:

Charanga has largely replaced teachers' planning, whilst a long-term view of music across all year groups helps to maintain coverage of skills and progression at Whitley Abbey Primary School.

EYFS	
Example - Teacher Led experiences	Example - Enhanced Provision opportunities linked to Computing
~ Provide opportunities to work together to develop and realise creative ideas.	<ul style="list-style-type: none">• Use of old pots and pans and made music and different sounds.

<p>Weekly whole group music sessions on Fridays where children sing songs with actions from Funky Feet or popular nursery rhymes.</p> <p>~ Give children an insight into new musical worlds. Introduce them to different kinds of music from across the globe. Invite musicians to play music to children and talk about it.</p> <p>~ Encourage children to listen attentively to music. Discuss changes/patterns as the music continues.</p> <p>~ Sing in a group or on their own, increasingly matching the pitch and following the melody.</p> <p>~ Encourage children to keep a steady beat. This may be whilst singing and tapping their knees, dancing to music or making their own music with instruments and sound makers.</p> <p>~ Play movement and listening games that use different sounds for different movements. Model how to tap rhythms to accompany words.</p> <p>~ Play music with a pulse for children to move in time with and encourage them to respond. Encourage children to create their own music.</p> <p>~ Encourage children to create their own dance moves, using some of the steps and techniques they have learned.</p> <p>~ Take part in the Nativity, Harvest and Easter related performances having learnt songs or rhymes to perform.</p> <p>~ Perform a song, dance, poem or rhyme in front of an audience.</p>	<ul style="list-style-type: none"> • Use of outdoor stage and music area. • Mood painting to music. • provision of un-tuned and tuned percussion instruments always available for use and children are actively encouraged to participate on the outdoor performance stage. • Share and play various instrument in Nursery (e.g. we make a marching band) • Provision of resources to create instruments • Listening stations • Wind chimes and other resources to make sounds • Music in environment
